Attention, Doctors.

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely noninal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by the proper and judicious use of PHBUNA. If he will only add this great remedy to his list of melleines, he will find that his usefulness will be greatly increased. Full direction for its use will be found in the "Ills of Life," and he should at once procure this valuable book.

N. J. Wright, Business Agent Evening Herald, Erie, Pa., says: "Dr. Harrman—I can not but feel it my duty to express to you my thanks for the great benefit I received from the use of your medicines, PERUNA and MANALIN. One bottle of each placed me square on my feet, after a sickness of four weeks, which confined me to my bed, and then left me lame and crippled. Three days from the commencement of the use of your remedies the cane was dispensed with, and in a week I was perfectly well."

MTS. Ellen Mayanrd, Oswego, Potter county, Pa., writes: "Dr. Harrman, Columbus, O. The small ulcers are all healed, and the two large ones are not more than half as large as they were. I am feeling quite well. The people say your PERUNA and Manalix are doing a miracle. I do not take nearly so much optum as I did before."

your Peruna and Manalin are doing a miracle. I do not take nearly so much opium as I did before."

Joseph Thomas, East Brady, Pa., writes: "I have used your Peruna and Manalin with good results. In the year of 1880 I was so bad that I could scarcely walk. I used Peruna and Manalin, and am now as healthy as I have ever been. I have also recommended it to several parties, and they have been much benefited by it."

Mr. C. H. Harris, New Vienna, Ohio, writes: "Our little girl was paralyzed at thirteen months old, and we resorted to everything we could hear of for relief, but she appeared to get but little better. Hearing of Peruna we concluded to try it, and will say it has done her a great deal of good —the first bottle apparently giving aid and relief. We have used it for nervousness in other cases on other persons and found it a success. For general debility, and in fact for any disease, we don't think anything else can at all compare with it. We have used forty or fitty bottles, and our house is never without Peruna. Our little girl is now eight years old, and can run any place, was for four years helpless. Peruna cured her."

THE LEGISLATURE.

THE SENATE SESSION. The County Financial Statement Bill Passed The Justices' Bill, etc. The Senate had another prayerless ses sion yesterday afternoon. The following new bills were introduced:

By Mr. McCreery, Senate Bill No. 95. concerning offenses committed in the preence of a justice. By Mr. Lobban, No. 96, providing that if an estate of a deceased person be three months without an administrator or ex-

ecutor except for good cause known, the Court may direct the public executor to

take charge.

By the same gentleman, No. 97, to provide for the appointment of public administrators.

By Mr. Burgess, No. 98, to establish a court of limited jurisdiction in Wayne

By the same gentleman, No. 99, to pro tect political conventions and primary elections in this State. By Mr. Floyd, No. 100, to appropriate \$58,000 to complete the State House at

THE NEWSPAPER APTER HIM.

The bill to reduce the maximum price for printing annual fiscal statements of County Courts from 14 cents to \$\frac{7}{2}\$ cent per word coming up on its passage, Mr. McCreery took the floor. He said he had originally presented this bill to change the manner of listing expenses. The newspapers had attacked him as a "crank," and even going further, so far as to allude to him as a "haweater." He was glad to say that the Wheeling reporters had treated him and other Senators decently and fairly; but these country papers and fairly; but these country papers thought they could abuse a man merely ght they could abuse a But the peo-use they had the press. But the peo-they had the newspapers. Mr. le are greater than the newspapers. Mr. icCreery then proceeded to advance the ill at some length.

bill at some length.

Mr. Morris opposed the passage of the bill; making a loreible though humorous speech. Mr. Creery responded briefly. Mr. Flournoy explained his connection with the bill. He thought the country press did not comprehend the question involved in the bill, and Mr. Morris and Mr. Flournoy had a colloquy of some length. Mr. Dawson also took part in the discussion, opposing the bill.

THE BILL PASSES. THE BILL PASSES.

Mr. Dawson, in speaking on the bill, re-alled the fact that in 1882 the bill fixing called the fact that in 1882 the bill fixing the maximum price for legal advertising of all kinds was the subject of carnest discussion, and the provision that the pay should be 1½ cent per word for the first insertion and ½ cent per word for each subsequent insertion was enacted at the instance of the lawyers in the Legislature, and with the understanding that no further blow at newspapers should be dealt. Yet here, two bessions later, a further reduction is proposed. It is not without reason that the newspapers take this as but an entering wedge; they are justified in fearing an onshaught upon all the provisions of law in which they are interested. Messra, Bond, Brown, Byrne, Dawson, Messrs. Bond, Brown, Byrne, Dawson, obban, Morris, Smith and Switzer voted gainst the bill; Messrs. Scott, Woodyard.

not vote. The others voted for the bill, and it was passed. The joint resolution for the relief of the sureties of ex Sheriff Hays, of Gilmer county, as reported by the Committee on Finance, was passed.

The bill amending the law governing justices and constables was taken up by sections for amendment. Several amendments were offered, and one or two provoked considerable discussion. The Senate went into Committee of the Whole with Senator Burgess in the chair. The committee rose at 6:20 n. M., after about with Schafor Burgess in the char. The committee rose at 5:20 r. s., after about two hours' session, and reported progress, after which on motion of Mr. McGrew, the Senate adjourned till 2 r. m. to-day.

Mr. Carlyle was too sturdy a man'to write so as to attract the attention of the gentiemen who held the strings of the nation's purse; but Leigh Hunt undertook the task, succeeded in getting Carlyle a pension of £300, and, when he came with the good news, Mrs. Carlyle was so overylyyed that she kissed him. It was the occasion for Hunt's well know improvisation:

Jumping from the chair she sat in;

The dramatic kiss has attracted considerable attention. The way in which Enma Abbotk kisses that handsome Castle, who plays "Paul" to her "Virginia," is too much, too much. It is recorded variously as "emotional," "paroxysmal," "spontaneous," "absorbing," and everybody wondered when little Entime Jearned to kiss in that way. Sarah Bernhardt makes a little rush at her visa-vis, and kisses him behind the ear before he knows what it is all about. Mary Anderson's kisses remind an actor who plays with her of the time he put his tongue to a frozen lamptime he put his tongue to a frozen lamp-post when a boy, and now all the old boys are looking for lamp-posts to kiss. Here is a daring bit of sentiment:

Do you wish freedom from aches, pain; Do you wish freedom from aches, pains, sores, etc.? Then purify the blood, strengthen the urinary and digestive organs, build up your broken down constitution by using Dr. Guysott's Yellow Dock and Sarsaparilla. It is gratifying to know that among intelligent communities this simple, harmless, yeta flective remedy sells faster than the many humbug bitters, iron medicines and pretended kidney cures, all of which so rapidly weaken and ruin the stomach, liver, bowels and kidneys by exciting these delicate organs to unnatural activity.
